# Learning Outcomes

*Learning outcomes specific to each project will be developed by the Principal*

You will present your research as a poster at the [Symposium of Student Scholars](#). Your poster will be graded according to the following rubric:

### ***#5: Attendance and Participation***

All team members must attend all team meetings and participate fully in the research experience. Periodically, the VIP coordinators will ask for information (e.g., feedback, progress reports), and these count toward your participation grade.

### ***#6: Peer Evaluation***

Team members will engage in peer evaluations, both in terms of research participation and the research products (like abstracts
