X-Ray Generating Device Use Application

EOSMS 206-3 Effective Date: 07/20/2022 FORM_EHS_01 Page 2 of 4

In the space below, describe the lab specific operator training that will be provided to the end-users of the X-ray device.

Section 4: X-Ray Equipment Specifications									
Type:		Manufacturer:		Model:		Serial #:			
Maximum Voltage:	kV	Operating Voltage:	kV	Maximum Current:	mA	Operating Current:	mA		
Asticipated Wardlands have an work									

Anticipated Workload: hours per week

NOTE: Prior to the purchase and installation of any radiation producing equipment, please complete the Equipment Purchase Safety and Facilities Review Request Form and submit to ehs@kennesaw.edu. EHS will conduct a hazard assessment to determine any required control measures for installation and operation of the equipment. The request will then be reviewed by the Radiation Safety Committe et authorize the use of the equipment and room.

Section 5: Proposed X-Ray Equipment Use

In the space below, provide the title of the project and a description of the use of the equipment, including the purpose and goals of the project:

Section 6: Location of X-Ray Equipment

Campus Building
