INDEPENDENT AUDITOR'S REPORT

**To the Audit Committee of the Board of Directors
Southern Polytechnic Applied Research Corporation
Marietta, Georgia**

Report on the Financial Statements

Opinion

In our opinion, the financial statements referred to above present fairly, in all material respects, the financial position of Southern Polytechnic Applied Research Corporation as of June 30, 2015, and the changes in its net position and its cash flows for the year then ended in accordance with accounting principles generally accepted in the United States of America.

Other Matters***Required Supplementary Information***

Accounting principles generally accepted in the United States of America require that Management's Discussion and Analysis, on pages 3-5, be presented to supplement the basic financial statements. Such information, although not a part of the basic financial statements, is required by the Governmental Accounting Standards Board who considers it to be an essential part of financial reporting for placing the basic financial statements in an appropriate operational, economic, or historical context. We have applied certain limited procedures to the required supplementary information in accordance with auditing standards generally accepted in the United States of America, which consisted of inquiries of management about the methods of preparing the information and comparing the information for consistency with management's responses to our inquiries, the basic financial statements, and other knowledge we obtained during our audit of the basic financial statements. We do not express an opinion or provide any assurance on the information because the limited procedures do not provide us with sufficient evidence to express an opinion or provide any assurance.

Other Information

Our audit was conducted for the purpose of forming an opinion on the basic financial statements as a whole. The accompanying schedule of expenditures of federal awards, as required by Office of Management and Budget Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*, is presented for purposes of additional analysis and is not a required part of the financial statements. Such information is the responsibility of management and was derived from and relates directly to the underlying accounting and other records used to prepare the financial statements. The information has been subjected to the auditing procedures applied in the audit of the financial statements and certain additional procedures, including comparing and reconciling such information directly to the underlying accounting and other records used to prepare the financial statements or to the financial statements themselves, and other additional procedures in accordance with auditing standards generally accepted in the United States of America. In our opinion, the information is fairly stated, in all material respects, in relation to the basic financial statements as a whole.

Other Reporting Required by Government Auditing Standards

In accordance with *Government Auditing Standards*, we have also issued our report dated February 18, 2016, on our consideration of SPARC's internal control over financial reporting and on our tests of its compliance with certain provisions of laws, regulations, contracts and grant agreements and other matters. The purpose of that report is to describe the scope of

SOUTHERN POLYTECHNIC APPLIED RESEARCH CORPORATION MANAGEMENT'S DISCUSSION AND ANALYSIS

Introduction

The Southern Polytechnic Applied Research Corporation ("SPARC") was incorporated under the laws of the state of Georgia as a nonprofit corporation May 11, 2011. SPARC qualifies as a tax exempt Corporation under Section 501(c) (3) of the Internal Revenue Code. Fiscal activities of SPARC began on July 1, 2011.

SPARC operates as a cooperative organization of Southern Polytechnic State University (SPSU) under a Memorandum of Understanding with the Board of Regents of the State of Georgia.

SPARC was organized to fulfill broad scientific, literary, educational, and charitable purposes and operates to enhance the mission of SPSU of teaching, applied research, and public service.

SPARC contributed to the applied research function of SPSU by securing research contracts, grants, and awards from individuals, institutions, private organizations, and government agencies for the performance of applied research. SPARC administers grants and contracts to assure compliance with the Georgia Board of Regents, State, and Federal requirements as well as the terms of each specific grant or contract. SPARC also identified and managed Intellectual Property for SPSU that may have arisen as a result of work done under grants or contracts.

On January 6, 2015 the Georgia Board of Regents voted to consolidate Southern Polytechnic State University into Kennesaw State University with the financial consolidation completing on June 30, 2015. It is anticipated that the Southern Polytechnic Applied Research Corporation will resolve any outstanding issues and transfer all remaining Assets and Liabilities over to the Kennesaw State University Research and Service Corporation as voted and approved by both the SPARC and KSURSF Boards of Directors as soon as possible.

Description of the Financial Statements

The statement of net position, statement of revenues, expenses and changes in net position, and the statement of cash flows are designed to provide information which will assist in understanding the financial condition and performance of SPARC. SPARC's net position is one indicator of SPARC's financial health. Over time, increases or decreases in net position are one indicator of the changes in SPARC's financial condition when considered with other non-financial facts.

The statement of net position presents the assets, liabilities, and net position of SPARC.

The statement of revenues, expenses, and changes in net position presents the revenues earned and the expenses incurred during the year. Activities are reported as either operating or non-operating.

The statement of cash flows presents information in the form of cash inflows and outflows summarized by operations.

MANAGEMENT'S DISCUSSION AND ANALYSIS (Continued)

Statements of Net Position (Table 1)

	<u>Year Ended June 30, 2015</u>	<u>Year Ended June 30, 2014</u>
Assets:		
Current Assets	\$ 1,861,623	\$ 1,299,411
Total Assets	<u>\$ 1,861,623</u>	<u>\$ 1,299,411</u>
Liabilities:

**INDEPENDENT AUDITOR'S REPORT ON INTERNAL CONTROL OVER
FINANCIAL REPORTING AND ON COMPLIANCE AND OTHER MATTERS
BASED ON AN AUDIT OF FINANCIAL STATEMENTS PERFORMED IN
ACCORDANCE WITH *GOVERNMENT AUDITING STANDARDS***

**To the Audit Committee of the Board of Directors
Southern Polytechnic Applied Research Corporation**

Compliance and Other Matters

As part of obtaining reasonable assurance about whether Southern Polytechnic Applied Research Corporation's financial statements are free from material misstatement, we performed tests of its compliance with certain provisions of laws, regulations, contracts, and grant agreements, noncompliance with which could have a direct and material effect on the determination of financial statement amounts. However, providing an opinion on compliance with those provisions was not an objective of our audit, and accordingly, we do not express such an opinion. The results of our tests disclosed no instances of noncompliance or other matters that are required to be reported under *Government Auditing Standards*.

Purpose of this Report

The purpose of this report is solely to describe the scope of our testing of internal control and compliance and the results of that testing, and not to provide an opinion on the effectiveness of the organization's internal control or on compliance. This report is an integral part of an audit performed in accordance with *Government Auditing Standards* in considering the organization's internal control and compliance. Accordingly, this communication is not suitable for any other purpose.

A handwritten signature in black ink, appearing to read "M. O. ...", is written over a horizontal line. The signature is somewhat stylized and partially obscured by the line.

February 18, 2016

INDEPENDENT AUDITOR'S REPORT ON COMPLIANCE FOR EACH MAJOR PROGRAM AND ON INTERNAL CONTROL OVER COMPLIANCE REQUIRED BY OMB CIRCULAR A-133

**To the Audit Committee of the Board of Directors
Southern Polytechnic Applied Research Corporation
Marietta, Georgia**

Report on Compliance for Each Major Federal Program

We have audited Southern Polytechnic Applied Research Corporation's compliance with the types of compliance requirements described in the *OMB Circular A-133 Compliance Supplement* that could have a direct and material effect on each of Southern Polytechnic Applied Research Corporation's major federal programs for the year ended June 30, 2015. Southern Polytechnic Applied Research Corporation's major federal programs are identified in the summary of auditor's results section of the accompanying schedule of findings and questioned costs.

Management's Responsibility

Management is responsible for compliance with the requirements of laws, regulations, contracts, and grants applicable to its federal programs.

Auditor's Responsibility

Our responsibility is to express an opinion on compliance for each of Southern Polytechnic Applied Research Corporation's major federal programs based on our audit of the types of compliance requirements referred to above. We conducted our audit of compliance in accordance with auditing standards generally accepted in the United States of America; the standards applicable to financial audits contained in *Government Auditing Standards*, issued by the Comptroller General of the United States; and OMB Circular A-133, *Audits of States, Local Governments, and Non-Profit Organizations*. Those standards and OMB Circular A-133 require that we plan and perform the audit to obtain reasonable assurance about whether noncompliance with the types of compliance requirements referred to above that could have a direct and material effect on a major federal program occurred. An audit includes examining, on a test basis, evidence about Southern Polytechnic Applied Research Corporation's compliance with those requirements and performing such other procedures as we considered necessary in the circumstances.

We believe that our audit provides a reasonable basis for our opinion on compliance for each major federal program. However, our audit does not provide a legal determination of Southern Polytechnic Applied Research Corporation's compliance.

Opinion on Each Major Federal Program

In our opinion, Southern Polytechnic Applied Research Corporation complied, in all material respects, with the types of compliance requirements referred to above that could have a direct and material effect on each of its major federal programs for the year ended June 30, 2015.

Report on Internal Control Over Compliance

Management of Southern Polytechnic Applied Research Corporation is responsible for establishing and maintaining effective internal control over compliance with the types of compliance requirements referred to above. In planning and performing our audit of compliance, we considered Southern Polytechnic Applied Research Corporation's internal control over compliance with the types of requirements that could have a direct and material effect on each major federal program to determine the auditing procedures that are appropriate in the circumstances for the purpose of expressing an opinion on compliance for each major federal program and to test and report on internal control over compliance in accordance with OMB Circular A-133, but not for the purpose of expressing an opinion on the effectiveness of internal control over compliance. Accordingly, we do not express an opinion on the effectiveness of Southern Polytechnic Applied Research Corporation's internal control over compliance.

A deficiency in internal control over compliance exists when the design or operation of a control over compliance does not
